

Credentialed Radiographer

1. Apply to Marshall University College of Health Professions. Ask for Marilyn Fox for information regarding Marshall University general education course work requirements for graduation with a baccalaureate degree. You will be required to submit all academic transcripts to both MU and to SMMC.
2. Email Program for the advanced medical imaging curriculum rfisher@st-marys.org or kfoster@st-marys.org. This is also found on the main SOMI web page.
3. Download program application at www.st-marys.org (first page on website) Remember there is a \$30 application fee.
4. Must submit proof of valid ARRT certification with application.
5. Applicants must be graduates of an acceptable accredited program in radiography, nuclear medicine or radiation therapy. JRCERT accreditation is preferred.
6. Submit all academic transcripts to both MU and to the SOMI. SMMC graduates transcripts are on file. Be certain to identify the year of graduation on your application and any name changes. Application deadline is June 1.
7. Note that you will have to complete ACLS certification if you select an advanced image track. This will be provided at SMMC if you do not currently have the certification.
8. MU coursework tuition is paid directly to MU. SOMI (courses with a MI designation) tuition is paid directly to SMMC. SMMC tuition is \$300/credit hour. Note that tuition rates are subject to change without notice.
9. Students who wish to obtain financial aid may do so by applying at the MU financial aid office.
10. Applicants may be required to submit proof of recent TB skin test, other immunizations, drug screening, and background checks prior to any clinical rotations. Drug screening and background check will be performed at SMMC. The cost is \$100. Note fees are subject to change. Different clinical facilities have different requirements.
