

MOUNTAIN HEALTH NETWORK

Wellness Blood Profiles

Cabell Huntington Hospital (CHH) and St. Mary's Medical Center (SMMC) are pleased to once again offer low-cost wellness blood profiles to the community.

Blood profile screening can be scheduled Monday-Friday 7-10 a.m., July 6 through July 30.

Blood profiles include 29 different tests, such as glucose, cholesterol and calcium for \$25. Optional testing is available with the purchase of a blood profile for hemoglobin A1C and thyroid-stimulating hormone at an additional cost of \$5 per test. Vitamin D testing and a Prostate-Specific Antigen (PSA) test are available for an additional \$15 per test. Lab work should be performed while fasting.

There will be four locations providing profiles:

- CHH Lab, 20th Street Professional Building, 1115 20th Street, Huntington.
- SMMC Conference Center, 2849 Fifth Ave., Huntington
- HIMG, 5170 U.S. Route 60 East, Huntington
- SMMC Ironton Campus, 1408 Campbell Drive, Ironton

To comply with COVID-19 guidelines, appointments are required. To schedule an appointment, call the Mountain Health Network Wellness Profile Scheduling Center at **304.526.1056**. Masks are required and social distancing guidelines will be followed.

Thank you for your cooperation and understanding as we continue to work to keep everyone safer.
