

MOUNTAIN HEALTH NETWORK

Wellness Blood Profiles

Mountain Health Network is pleased to once again offer low-cost wellness blood profiles to the community.

Blood profile screening can be scheduled Monday – Friday, 7 – 10 a.m., July 5 – July 29.

Blood profiles include 29 different tests, such as glucose, cholesterol and calcium for \$25. Optional testing is available with the purchase of a blood profile for hemoglobin A1C and thyroid-stimulating hormone at an additional cost of \$5 per test. Vitamin D testing and a Prostate-Specific Antigen (PSA) test are available for an additional \$15 per test. Lab work should be performed while fasting.

Profiles conveniently offered at:

Cabell Huntington Hospital Lab, 20th Street Professional Building, 1115 20th Street, Huntington

Appointments are required. To schedule an appointment, call the Mountain Health Network Wellness Profile Scheduling Center at **304.526.1056**. Masks are required and social distancing guidelines will be followed.
