EMPLOYMENT INFORMATION

Please use the space below and on the back of the page to explain periods of unemployment.

PROFESSIONAL CONDUCT

The St. Mary's/Marshall University Cooperative Bachelor of Science in Medical Imaging Program strongly supports the standards of the medical imaging profession and the American Registry of Radiologic Technologists Code of Ethics regarding the need for student radiographers and professional radiographers to be persons of good moral character who demonstrate responsible behaviors.

Applicants are advised that their conduct before and after submitting their application to the School of Medical Imaging will be considered in the admission process. "...Conduct derogatory to the morals or standing of the profession of registered radiographers..." may be reason for denial of admission or dismissal from the program (WV Code 30-7-11(f)). Irresponsible behavior or conduct denoting questionable moral character will include, but not necessarily be limited to the following:

- criminal activities e.g. DUI, misdemeanors, felonies
- substance abuse e.g. manufacture, use, distribution, positive results on drug screen
- cheating/dishonesty
- harassment
- domestic violence
- discrimination
- breach of patient confidentiality

Students are advised that their conduct while students both on and off campus could result in dismissal from the program.

Have you ever pled guilty or "no contest" (nolo content the exception of minor traffic violations?	nders) to, or been convicted of, violating any law, with No					
Important Notice for event of a felony or misdemeanor. The American Recertification exam to individual who have been convicted of felony or mis	gistry of Radiologic Technologist may deny eligibility to write the demeanor.					
If yes, attach a description and explanation of your prior conviction history, including date of conviction, court, and details of each violation.						
NOTE: Disclosure of a criminal record does not automa	tically disqualify you from admission consideration.					
Signature of Applicant	Date					

DRUG AND ALCOHOL TESTING

St. Mary's/Marshall University Cooperative Bachelor Degree in Medical Imaging has adopted and enforces a Drug and Alcohol policy for all participants in its clinical program.

The School may require students to submit to a drug test during clinical training upon reasonable suspicion or cause. In addition, the School may impose random drug testing for students undergoing treatment and/or rehabilitation for substance abuse who are participating in safety sensitive training, including but not limited to clinical training, externships and internships.

This policy also prohibits the use, possession, transportation, sale or distribution of alcohol or other non-medically prescribed controlled substances in the School or during school sponsored functions or activities. It further prohibits students from attending class or other school sponsored functions or activities while under the influence of alcohol or other non-medically prescribed controlled substances. The terms "School" and "school sponsored functions" broadly include the School premises, classes, parking lots and all situations where a student is representing the School in their capacity as a student.

The School expects excellence in the performance of all its students. If you believe a prescription drug prescribed by your physician may affect your performance, you should consult the Director of the School. The School reserves the right to review a student's drug or controlled substance use occurring outside the School or school sponsored functions to the extent that such use affects the student's class or clinical performance or adversely impacts the School in any way. If the School initiates such a review, the results may include disciplinary action, up to and including expulsion.

Please contact the Director of the School if you have any questions concerning this policy.
