8 a.m.-5 p.m.
Registration begins at 7:30 a.m.

St. Mary’s Conference Center
Huntington, WV

Provided by
St. Mary’s Regional Neuroscience Center
The Emergency Neurological Life Support (ENLS) course is designed to help healthcare professionals improve patient care and outcomes during the critical first hours of a patient’s neurological emergency. ENLS demonstrates a collaborative, multi-disciplinary approach and provides a consistent set of protocols, practical checklists, decision points and suggested communication to use during patient management.

This activity is designated for a maximum of 15 AMA PRA CME, ANCC, ACPE and CECBEMS credits upon completion of online testing.

**COST**

- **Physician:** $150 (increases to $300 on 10/01/2018)
- **Non-physician healthcare professional:** $75 (increases to $150 on 10/01/2018)
- **Residents/fellows/students:** $50 (increases to $100 on 10/01/2018)

**CREDITS**

- **Panos Ignatiadis, MD, FACS, FRSC Ed, FICS, FAANS,** is a board-certified neurosurgeon and chief of neurosurgery at St. Mary’s Medical Center in Huntington, W.Va. His clinical interests include adult brain, spine, and peripheral nerve surgery; surgical neuro-oncology, micro-neurosurgery, brain and spine tumors, CyberKnife® radiosurgery, complex spine surgery and aneurysm clipping/AVM surgery. Dr. Ignatiadis received his medical degree from National University of Athens, Greece, completed a residency at University of Virginia, Charlottesville, Va., and a fellowship with American College of Surgeons, Royal College of Surgeons, Edinburgh.

- **Jo Andrea Watson, DNP, MSN, RN, CCRN, CPAN,** is the director of organizational development and learning at St. Mary’s Medical Center. She has 39 years of nursing experience in intensive care, open-heart, post-anesthesia care and interventional radiology. She has been a critical care educator since 1995 and received her doctorate of nursing practice from Walden University.

- **Barbara Christian, RN, MSN, NEA-BC,** is the interventional radiology RN manager at St. Mary’s Medical Center. She has 29 years of experience as a nurse in critical care, cardiac cath lab and interventional radiology. She also earned a nurse executive-advanced certification.

- **Ashley Chapman, RN, MSN, FNP-BC,** is a board-certified nurse practitioner with St. Mary’s Neurosurgery. She has seven years of experience as a neuro-trauma ICU registered nurse and has been a nurse practitioner for three years at St. Mary’s Neurosurgery. She received her master’s degree in nursing from Marshall University in 2014.

- **Wilma Holton, RN, CCRN,** has worked in nursing at St. Mary’s Medical Center for 20 years with experience in critical care, neuro-trauma ICU and the emergency department with special interest in stroke care. She has instructor certifications for basic and advanced adult, pediatric and cardiac life support, as well as trauma nursing and ENLS.
